**SPECIAL RULES FOR BREEDING SWINE**

1. In addition to these Special Rules, this department is subject to the General Rules and Regulations as stated in this Premium List, pages 9-13.

**Important!** See Veterinarians Checklist on page 140.

**2. HEALTH RULES AND REGULATIONS - SWINE**

The Pennsylvania Bureau of Animal Health and Diagnostics Services will pass upon the health status of all entries upon arrival. Those not qualifying will not be admitted. To qualify, all animals must be free of any evidence of infectious, contagious, or parasitic diseases, and be clearly identified on a Certificate of Veterinary Inspection (Health Certificate) of the state of origin signed, dated and issued by an accredited veterinarian on or after September 8, 2011. A copy of the Certificate of Veterinary Inspection must accompany the swine to the EXPOSITION and be available for inspection at all times as additional inspections of swine Certificate of Veterinary Inspection will be made.

**HEALTH RULES FOR SWINE**

1. **Certificate of Veterinary Inspection:** All swine must be accompanied by a Certificate of Veterinary Inspection signed, dated and issued by an accredited veterinarian. The Certificate of Veterinary Inspection must be issued on or after September 8, 2011. For out-of-state swine, the accredited veterinarian must send a copy of the Certificate of Veterinary Inspection to the State Veterinarian of the state of origin for approval.
2. **Swine Identification Requirements:** All swine must be officially identified with one of the following: A legible herd tattoo in combination with an ear notch; a state issued metal eartag; or an ISO-compliant 15-digit tag (including RFID). The show veterinarian is not required to issue a CVI for animals that do not have legible identification at the time of sale.
3. **Veterinarian-Client-Patient Relationship:** By entry into the exposition you are confirming that you have established a Veterinarian-Client-Patient-Relationship for the animals you are entering and/or exhibiting. A Veterinarian-Client-Patient Relationship is a relationship in which the veterinarian has assumed the responsibility for making veterinary medical judgments regarding the health of the animal and the need for veterinary medical treatment and the owner or caretaker of the animal has agreed to follow the instructions of the veterinarian in relation to zoonotic diseases.
4. **Brucellosis and Pseudorabies Testing Requirements for Breeding Swine:**
  - (a). **Brucellosis:** All breeding swine must have had a negative brucellosis test on or after September 8, 2011, or must originate from a Validated Brucellosis Free Swine Herd, and the herd number, test results, and date of the last herd test shall be listed on the Certificate of Veterinary Inspection.

- (b). **Pseudorabies:** All breeding swine must have had a negative pseudorabies test on or after September 8, 2011, or must originate from a Qualified Pseudorabies Negative Swine Herd, and the herd number, test results, and date of the last herd test shall be listed on the Certificate of Veterinary Inspection.
5. **Brucellosis and Pseudorabies Testing Requirements for Market Swine:**
- (a). **Brucellosis:** No brucellosis test is required for market swine sold for immediate slaughter.
- (b). **Pseudorabies:** All market swine must have had a negative pseudorabies test on or after September 8, 2011; or must originate from a Qualified Pseudorabies Negative Swine Herd, and the herd number, test results, and date of the last herd test shall be listed on the Certificate of Veterinary Inspection.

#### VETERINARIAN'S CHECKLIST

- Certificate of Veterinary Inspection must be signed, dated and issued by an accredited veterinarian on or after September 8, 2011.

#### BREEDING SWINE

**BRUCELLOSIS REQUIREMENTS**

All breeding swine must have had a negative brucellosis test on or after September 8, 2011, or must originate from a Validated Brucellosis Free Swine Herd, and the herd number, test results, and date of the last herd test shall be listed on the Certificate of Veterinary Inspection.

**PSEUDORABIES REQUIREMENTS**

All breeding swine must have had a negative pseudorabies test on or after September 8, 2011, or must originate from a Qualified Pseudorabies Negative Swine Herd, and the herd number, test results, and date of the last herd test shall be listed on the Certificate of Veterinary Inspection.

#### MARKET SWINE

**Brucellosis and Pseudorabies Testing Requirements for Market Swine:**

(a). **Brucellosis:** No brucellosis test is required for market swine sold for immediate slaughter.

(b). **Pseudorabies:** All market swine must have had a negative pseudorabies test on or after September 8, 2011, or must originate from a Qualified Pseudorabies Negative Swine Herd, and the herd number, test results, and date of the last herd test shall be listed on the Certificate of Veterinary Inspection.

3. **OWNERSHIP** - Animal must be bona fide property of and owned by the exhibitor by August 1, 2011, as recorded on registration certificate. Certificate must accompany animal to the EXPOSITION and be presented upon demand any time during the EXPOSITION. All breeding swine to be SOLD must have a Certificate of Veterinary Inspection within thirty (30) days (on or after September 8, 2011) of the sale date. Only original registration papers and litter papers are to be submitted. No copies or faxed copies will be accepted.
4. **ENTRY FEE** - PLA Member \$23.00 per pen. Non-Member \$46.00 per pen. (see rule 11, page 10) A minimum of two (2) and a maximum of five (5) animals are allowed per pen, which may be used for breeding swine and barrows. A limited number of dividers are available, it is suggested that animals be penned together at home in order to meet the minimum number. However, Management has the right to create the maximum use of pens with no refunds. **NEW RULE:** Open Breeding Swine exhibitors also exhibiting in the Open Barrow Show must purchase additional
